

# Fight the

# ~~Bite~~

With these tips  
Drain any standing water.  
Before going outside  
APPLY DEET on your skin.  
Wear long sleeve shirts and  
long pants when camping outside.

Before...  
When mosquitos fed on a dinosaurs  
blood it would land on the branch of  
a tree and would get stuck in the  
sap but dinosaurs only  
relied on thick skin for  
protection.

ROAR!!!

Today we use DEET and long  
sleeved shirts / pants to fight the bite!
