

Fight

the

Bite

Go With Deet

Deet
Bug
Repellent

And Remember :

- let an adult apply repellent
- repellents prevent, don't treat, bug bites
- apply repellent on bare skin, not under clothes
- be careful not to get repellent in your eyes or mouth
- the best repellents are recommended by the CDC
- proper clothing can help ticks and mosquitoes "bug off!"
- for more information please visit www.cdc.gov/westnile or www.deetonline.org

Deet gets two thumbs up!
